#### Add-ons:

##### 2nd Photographer:-

A second photographer can be provided to shoot those candid shots whilst your main photographer is covering the formal part of your day. This will enable a more varied and rich coverage of the emotions of the day. **(Cost: \$200)**

##### Photo Booth:-

The Mobile Studio is great entertainment for your guests and also makes fun, personalized bonbonnières. You will get a complete mini studio, props and an experienced photographer to capture all your guests as they celebrate your wedding. You get professional looking images and unlimited instant 6x4" prints for the duration. Best of all you will get all images in full resolution with basic editing on dvd post event. **(Cost: \$500)**

#### Photobooks

Photobooks are available. A standard sized 11x13 inch book in heavy "pro" pearl-finish paper, and containing 48 pages, in hard cover will cost \$250. Smaller books are available and extra pages may also be purchased.

### E-Sessions

E-Sessions or Engagement Sessions are also available if you are up with this trend. This involves shooting you as a couple in a more intimate and relaxed environment prior to your wedding day. Various locations are involved and the images can then be prepared for showing in a slideshow on the wedding day. The cost of e-Sessions if you are using me to also shoot your wedding is \$250. If just the e-Session, then the price is \$450. All images are provided on DVD.

### Weekday Shoot and Burn Packages

For the budget-conscious, I offer a weekday “shoot and burn” package. For three hours on a normal weekday, you can have photographic coverage of your wedding ceremony and some intimate after shots. All images will be burnt to DVD with no further obligation to buy prints. The cost of this package is \$650. Please note that this package is NOT available on a Weekend or Public Holiday.

### Last Minute Bookings

Sometimes weddings can be a last minute romantic impulse. That makes it very hard to book a photographer. If you’ve just been swept off your feet, or are eloping and just want some pictures of the ceremony and few images immediately after with the love of your life, I’m happy to accommodate you if I do not have another booking on that day. Contact me for a price. My only condition is that these bookings *must be within two months* of the big day.

### Other Details

If the packages above do not suit you, then don’t despair. I am flexible and can usually tailor something to suit your individual needs. I can also arrange for an additional photographer to capture some more candid shots whilst the set shots are being taken.

Please also note that travel surcharges may apply for weddings outside the Rockhampton city or Capricorn Coast areas. If in doubt, ask.
